Space mining is set to usher in a new era of space exploration and commercialization. As more and more investors are pumping money into space mining firms and governments like Luxembourg and United States create conducive legal and policy environment, this industry is ready to take off.

Global space mining market is expected to be worth USD 14.71 billion between FY2018-25.

The need to find alternative sources of depleting natural resources like rare earth metals, new nuclear fuels like Helium 3 and deep space exploration are driving factors for Global space mining market.

As per NAVADHI Consulting the [global space mining industry](#) [2] is expected to be worth USD 14.71 billion between FY2018 to FY2025. The growth in this market is predicted on the basis of various factors like market drivers, current and upcoming space mining missions, current investment growth pattern, and market forecasts.

Spanning over 27 pages and 16 exhibits, “Porter's Five Forces Analysis of Global Space Mining Market” report provides Porter's Five Forces Analysis of the global space mining market, including brief overview space mining market, market trends, market constraints and industry drivers.

Scope of the Porter's Five Forces Analysis of Global Space Mining Market Report

- This report provides brief information about Global space mining market.
- This report identifies the need for focusing on space mining market.
- The report identifies the growth drivers and inhibitors for global space mining market.
- This report provides Porter’s Five Forces analysis for Global space mining market.
- This report identifies the key players in Global space mining market.
- This report provides information about current and future trends for Global space mining market.

Research Methodology

The report has been prepared after extensive secondary and primary research among various stakeholders in the Global space mining market like government bodies, associations, industry players etc.

1. Executive Summary

Scope of the Global Space Mining Market SWOT Analysis Report

2. Need for Global Space Mining

3. Space Mining Market - Overview

3.1 Space Mining: The Inception of Idea

3.1.1 Space Mining: Extraction Technique Surface mining

Shaft mining
Magnetic rakes
Heating
Extraction using the Mond process
3.1.2 U.S. Commercial Space Launch Competitiveness Act
3.1.3 Luxembourg Space Law

4. Growth Drivers and Inhibitors for Global Space Mining Market

4.1 Growth Drivers
4.2 Growth Inhibitors

5. Key Players in Global Space Mining Market

5.1 Deep Space Industries

5.1.1 Company Profile

5.2 Planetary Resources

5.2.1 Company Profile

5.3 Moon Express

5.3.1 Company Profile

5.4 ispace Inc

5.4.1 Company Profile

5.5 National Aeronautics and Space Administration (NASA)

5.5.1 Company Profile

5.6 European Space Agency (ESA)

5.6.1 Company Profile

5.7 Indian Space Research Organization (ISRO)

5.7.1 Company Profile

6. Porter's Five Forces Analysis of Global Space Mining Market

6.1 Bargaining Power of Suppliers
6.2 Bargaining Power of Buyers
6.3 Threats of New Entrants
6.4 Threats of Substitutes
6.5 Competitive Rivalry

7. Current and Future Trends in Global Space Mining Market

7.1 Current Trends
7.2 Future Trends

List of Exhibits

Notes
Company Information

List of Exhibits

4.1 Growth Drivers and Inhibitors for Global Space Mining Market
5.1.1 Company Profile: DSI
5.1.2 Contact Details - DSI
5.2.1 Company Profile: Planetary Resources

- 5.2.2 Contact Details – Planetary Resource
- 5.3.1 Company Profile: Moon Express
- 5.3.2 Contact Details – Moon Express
- 5.4.1 Company Profile: ispace Inc
- 5.4.2 Contact Details – ispace Inc
- 5.5.1 Company Profile: NASA
- 5.5.2 Contact Details – NASA
- 5.6.1 Company Profile: ESA
- 5.6.2 Contact Details – ESA
- 5.7.1 Company Profile: ISRO
- 5.7.2 Contact Details – ISRO
- 6.1 Porter’s Five Forces Analysis of Global Space Mining Market

1. **Deep Space Industries**
2. **Planetary Resources**
3. **Moon Express**
4. **ispace Inc**
5. **National Aeronautics and Space Administration (NASA)**
6. **European Space Agency (ESA)**
7. **Indian Space Research Organization (ISRO)**

Single User License (PDF)

- This license allows for use of a publication by one person.
- This person may print out a single copy of the publication.
- This person can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.
- This person cannot share the publication (or any information contained therein) with any other person or persons.
- Unless a Enterprise License is purchased, a Single User License must be purchased for every person that wishes to use the publication within the same organization.
- Customers who infringe these license terms are liable for a Enterprise license fee.

Site License (PDF)*

- This license allows for use of a publication by all users within one corporate location, e.g. a regional office.
- These users may print out a single copy of the publication.
- These users can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.
- These users cannot share the publication (or any information contained therein) with any other person or persons outside the corporate location for which the publication is purchased.
- Unless a Enterprise License is purchased, a Site User License must be purchased for every corporate location by an organization that wishes to use the publication within the same organization.
- Customers who infringe these license terms are liable for a Enterprise license fee.

Enterprise License (PDF)*

- This license allows for use of a publication by unlimited users within the purchasing organization e.g. all employees of a single company.
- Each of these people may use the publication on any computer, and may print out the report, but may not share the publication (or any information contained therein) with any other person or persons outside of the organization.
- These employees of purchasing organization can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.

*If Applicable.

About Us

NAVADHI is a market research company that helps global firms differentiate themselves, break market entry barriers, track their investments, develop business strategies and plan for future by providing actionable market research intelligence that helps them succeed.
